The Vornado Silver Swan is an homage to the craftsmanship and style of the Art Deco and Machine Age. This rich mix of influences evokes the glamour and sophistication of the 1930s, which makes it a beautiful fan to display in a home or office. The Silver Swan, finished in brushed chrome with a highly stylized grill, moves massive volumes of air in unprecedented style. With its solid, die-cast construction and 5 year warranty, the Silver Swan is built to stand the test of time.
