LED Vapor Tight Fixture

Energetic Lighting's LED Vapor Tight fixture delivers a soft light profile with lumen output options ranging from 1000 to 4000 lumens, while drawing only 10 to 40 watts of power. The fully sealed housing can be installed in high humidity areas or locations that receive direct water exposure. This versatile light can be used for general functional lighting, where its rugged construction and long LED lifetime will provide years of maintenance free service. Installation is quick and simple with standard trade size conduit openings at both ends, and quick mounting adapters.

## Features

- No UV or IR radiation
- Modern and efficient design
- Mercury-free construction
- Suitable for Wet Location use
- Easy and secure installation

## Applications

- Architectural decor
- Overhead task lighting
- Parking and Garage lighting
- General lighting

Other color temperatures may be available by special request.
